# THE ALL-NEW NISSAN SENTRA

**AFTER 11 YEARS AWAY, IT'S CHANGED A LOT.** The all-new Nissan Sentra returns with an unprecedented combination of next-generation technology and bold sophisticated style. From its cutting-edge responsiveness and outstanding fuel economy to its striking, modern exterior and internal spaciousness, the all-new Nissan Sentra is uncompromised sophistication at an affordable price. In every way possible, it defies convention; offering technology, features and passenger comfort you'd expect from a larger, much more expensive vehicle.

# A STANDOUT ON THE STREET

Sporting a striking new character line across its profile that highlights the vehicle's chrome window surrounds, door handles and side mirrors with razor indicator lights, the all-new Nissan Sentra is the definition of bold, modern design. The all-new new Nissan Sentra comes standard with 16" alloy wheels and distinctive LED Accent halogen headlights. However, all this style only serves to highlight the all-new Nissan Sentra's functionality, with the vehicle's sleek new contours dramatically reducing drag to ensure quiet and efficient running.

# WHEREVER YOU'RE GOING, YOU'LL ENJOY THE JOURNEY

All it takes is a few moments inside the all-new Nissan Sentra to realise that its sophisticated interior styling far exceeds anything offered by its competitors. Featuring all-round exceptional finishes, soft-touch fabrics on rear centre arm rests and interior door trims, ergonomic seat design the all-new Nissan Sentra is a truly premium driving experience. Central to this luxury, is the spacious new cabin design, which offers both driver and passengers an abundance of headroom and legroom, to create a genuinely inviting and comfortable environment.

# GOOD LOOKING OUTSIDE, EXCELLENT VIEWING INSIDE

Settle into the stylish, ergonomically designed driver's seat and take in the view. Driver visibility is expansive thanks to the large windows and the unique design of the all-new Nissan Sentra. Now look a little closer to home, and you'll see everything you need is right at hand.

# A BOOT THAT'S READY FOR WHATEVER YOU THROW INTO IT

When it comes to boot space, no one ever complains about having too much. With 510 litres, the all-new Nissan Sentra offers an abundance of space. Even more than those of much larger vehicles. A massive shopping trip, a sporting team's worth of equipment or a big family holiday; the all-new Nissan Sentra's boot will eat it up and be ready for more.

# NEW TRANSMISSION, SMOOTH RIDE

In many ways, the all-new Nissan Sentra offers the very latest in automotive technology. The Continuously Variable Transmission (CVT) is a prime example. Its compact and lightweight design with an expanded gear ratio allows for powerful acceleration and great fuel efficiency.

Forget five, six or seven gears, this unique stepless transmission delivers an almost infinite number of gear ratios. In doing so it eliminates the shift shock between gear changes traditionally associated with automatic transmissions. The result is extraordinarily smooth acceleration that has to be felt to be believed.

# PLENTY OF POWER, MORE FUEL ECONOMY

For the first time, the all-new Nissan Sentra introduces an impressive 1.6 litre 4-cylinder engine featuring Continuously Variable Transmission. The engine delivers 85kW of power and 154Nm of torque with the Continuously Variable Transmission to produce seamless, responsive acceleration and outstanding fuel economy. A very impressive 6.2 litres per 100km\*. The all-new Nissan Sentra is the perfect balance between performance and efficiency.

\*Actual fuel consumption will vary depending on driving conditions, driver behaviour, the conditions of your vehicle and the accessories fitted.

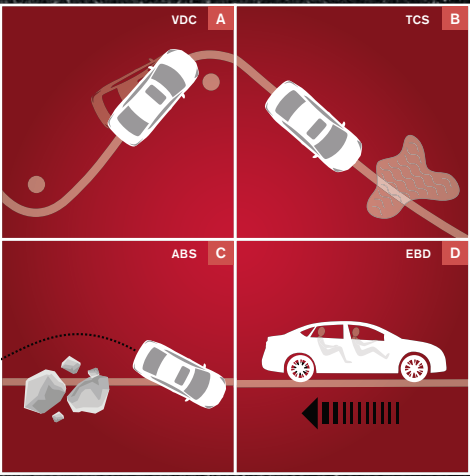

# WELCOME TO YOUR NEW WORLD

The all-new Nissan Sentra stylish instrument cluster and sophisticated Multi-Function Drive Computer places all key information comfortably at your fingertips. All it takes is one quick glance at the fine vision meter and you'll know your fuel consumption, driving range and outside temperature.

**BLUETOOTH® HANDSFREE PHONE SYSTEM**

Offering hands-free connectivity, the all-new Nissan Sentra features a Bluetooth® system that enables you to link your compatible mobile phone to make and receive all calls safely.

# SAFETY X 2: PREVENTION AND PROTECTION

The all-new Nissan Sentra's safety technologies are designed to assist in the prevention of collisions and to protect you and your passengers should an accident occur.

**6 AIRBAGS**

Dual front, dual side and dual curtain SRS airbags will protect the driver and passengers in the case of a front or side impact.

**ANTI-LOCK BRAKING SYSTEM (ABS)**

In the event of an emergency situation, ABS modulates the brakes to help the driver maintain stability and steering control as well as preventing the brakes from locking.

**BRAKE ASSIST & ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)**

Brake Assist senses emergency braking and automatically helps to apply maximum braking pressure if needed. Meanwhile, Electronic Brakeforce Distribution sends extra force to the rear brakes when it senses additional weight in the back.

**Safety Shield**  
In the commitment to "Real World Safety", Nissan pursues innovation as part of its Safety Shield concept. Based on the idea that cars should help protect people, advanced, proactive safety technologies help driver and passengers to avoid danger and injury in a wide range of circumstances. TRIM

NISSAN'S commitment to quality: to provide all customers with a consistently high level of quality, NISSAN applies the standard worldwide, to ensure that all NISSAN owners enjoy peace of mind for the lives of their vehicles. The approach is based on quality from the customer's perspective on three key elements: 1. The expectation of a smooth driving experience with complete peace of mind. 2. The intangible appeal of a vehicle, its power to captivate and excite, with features that capture attention and imagination. 3. The level of attentiveness and service during the sales process, and long after the sale is concluded.

**DISCLAIMER**  
Every effort has been made to ensure that the content of this brochure is correct at the time of going to print (August 2013). This brochure has been produced featuring prototype or accessorised vehicles exhibited at motor shows and, in accordance with the company's policy of continuously improving its products, Nissan South Africa reserves the right to change the specification and the vehicles described and shown in this brochure at any time. Nissan dealers will be informed of any such modifications as quickly as possible. Please check with your local Nissan dealer to receive the most up-to-date information. Due to the limitations of the printing processes used, the colours shown in this brochure may differ slightly from the actual colours of the paint and interior trim materials used. All rights reserved. Reproduction in whole or part of this brochure without the written permission from Nissan is forbidden.  
Quoted fuel consumption and emission values have been established using the prescribed method of measurement (United Nations Economic Commission for Europe "ECE" Regulation R101 in the current version) as required under current legislation. This data does not pertain to the specific vehicle and does not comprise part of the offer, but is supplied for the purpose of comparison between the various types of vehicles, in accordance with 1999/94/EC. Driving behaviour / conditions and other non-technical factors contribute towards a vehicle's fuel consumption and CO<sub>2</sub> emissions over and above the determined fuel efficiency of a vehicle.

**Nissan's commitment to the environment**  
Nissan's environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the Nissan Green Program aims to reduce the environmental impact of Nissan vehicles at every stage of the vehicle life cycle, while corporate activities address environmental challenges.
